

Technical drawing of a door frame assembly (Fig. 1) showing dimensions and components. The drawing includes a side view of the door frame with a door panel. Key dimensions include: total height 110, door height 2150, door width 2500, and various offsets and radii. Components are labeled with numbers 6.11.1, 218, 217, 216, and 215. A note indicates that the door is made of wood and is painted with a special paint.
